Notice No. 11-05

Date: March 25, 2011

Hulton Road Bridge test Borings **Allegheny River, Mile 12.7**

1. **To All Whom It May Concern:** Notice is given that Pennsylvania Drilling Company, will be conducting 9 test borings for the Hulton Bridge replacement just upstream from the existing bridge abutments in the Allegheny River, at river mile 12.7, for the Pennsylvania Department of Transportation. The proposed work was authorized under Nationwide Permit 6 dated October 3, 2009 (Corps I.D. 2009-1972).
2. Equipment involved in the operation will be a lift boat provided by Marion Hill & Associates. The barge will be monitoring marine band VHF Radio channels 13 and 16 transmissions and will coordinate crossing and passing. During non-working hours the equipment will be secured out of the navigational channel. No channel closures are envisioned.
3. Work is scheduled to begin on March 28, 2011 and the approximate date of completion is May 2, 2011. Work hours will be Monday thru Friday, between the hours of 0700 hours to 1700 hours.
4. Navigators, please use caution in and around the area.
5. This notice will be updated, as required.

FOR THE DISTRICT ENGINEER:

/signed/

RICHARD C. LOCKWOOD
Chief, Operations Division
